INSTRUCTIONS / FAQ

Operation Instructions

1. Slide out the integrated Type-C cable from the Hub Pro.
2. Connect the Type-C Hub Pro via the integrated Type-C cable to your computer.
3. Your Type-C Hub Pro is now ready for use!

FAQ

What kind of devices can I use with this hub?

The Hub Pro is compatible with your mobile phone, tablet, hard drives, SD cards, microSD cards, camera, keyboard, mouse and other electronics.

Why is there a lightning symbol on only one of the USB ports?

The lightning symbol indicates that this USB port is a Battery Charging 1.2 port. This USB port supports BC 1.2 protocol, which means it will provide more current, charging your compatible devices at a faster rate. Your devices will charge at a more efficient speed.

FAQ

What 4K signal can the HDMI output?

The HDMI in this hub supports 4K @ 30Hz.

How can I charge my computer via the Hub Pro?

The Hub Pro supports pass-through charging. Connect your computer's charging cable to the Type-C port located next to the Type-C port connector.

Compatible models: Macbook (2015, 2016, 2017), 13-inch Macbook Pro (2016, 2017), Dell XPS 13, HP Spectre X360 13 and more.

If your computer is not on this list, please contact us to verify if your computer supports charging through the Hub Pro.

ATTENTION: Some computers with higher charging power will be charged slower than normal due to the current limiting by the hub.

WARNING

Warnings

Read all the instructions before using this product. Failure to read and follow these safety instructions could result in fire, explosion, electrical shock or other hazard, causing serious and/or fatal injury and/or property damage, for which damages you, ("Purchaser") not Maxboost are liable.
