MAGNETIC CAR MOUNT

Congratulations!

Thank you for purchasing the Maxboost Magnetic Air-Vent Car mount! This handy car mount was made to securely grip your smartphone, providing a hassle-free driving experience. Please take a moment to read over this manual to learn how to properly use your car mount.

Product Overview

1. Magnetic Air-Vent Car Mount
2. Metal Rectangle Plate
3. Metal Circle Plate

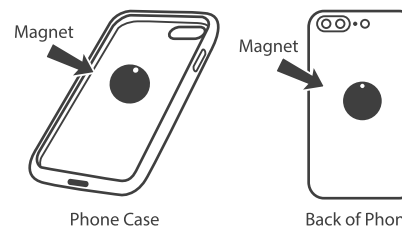

INSTRUCTIONS

Installation Instructions

Secure Method:

1. Choose to use either the metal rectangle or circle plate.
2. Ensure that the area you intend to stick the metal plate onto (mobile device or phone case) is clean.
3. Remove 3M adhesive backing from the metal plate.
4. Firmly stick the metal plate directly onto surface.

Reuseable Method:

1. Choose to use either the metal rectangle or circle plate.
2. Insert the metal plate in between your phone case and mobile device without removing the adhesive cover.

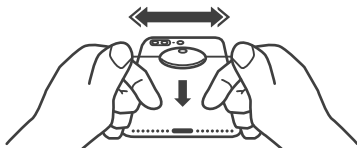

INSTRUCTIONS

Removal Instructions

1. Apply a few drops of rubbing alcohol around the metal plate and the surrounding surface. This will help break apart the adhesive bond.
2. Obtain a thin string (such as a fishing line) and in a back-and-forth motion, slowly break apart the metal plate from the surface.
3. When possible, peel away the metal plate and roll away the remaining adhesive with your finger.

WARNING: Do not use any sharp materials to remove adhesive as it may result in scratches and damages to your devices and/or other surfaces.

NOTE: The 3M adhesive can only be used once. New adhesives may be purchased to reuse the metal plate.
